Nbr of Missing Orders: 2

0.00 19.87 19.87

Notes: The Diff column is color coded to help you easily and quickly identify issues of concern. Green is used when your estimate is higher than the actual charge from FedEx. Red is used when the estimate is lower than the actual charge from FedEx. Black is used when the estimate and actual charge amounts are the same, and results in a difference of 0.00 between the two.

A check mark by a shipment indicates the corresponding tracking record in Order Manger has been updated as well.
